

CCA Lactation Rooms

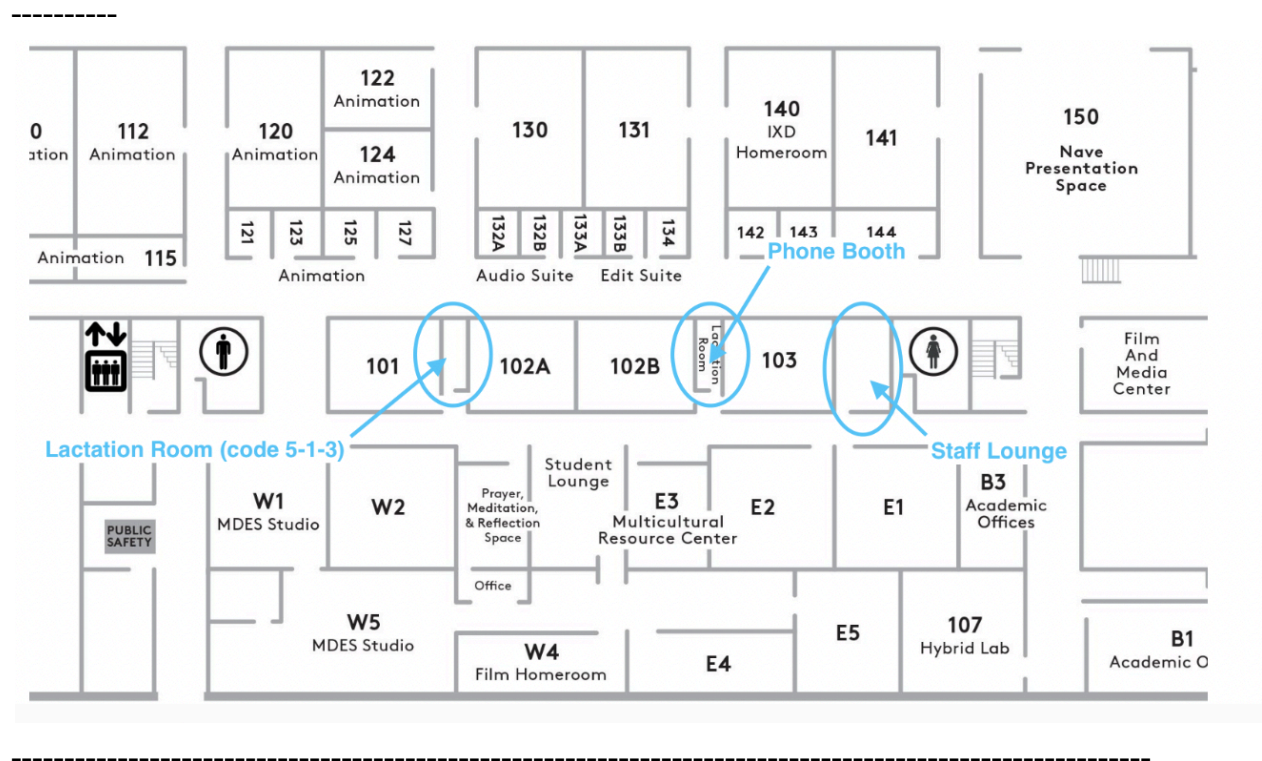

Last updated July 2023

All lactation rooms are equipped with a mini fridge, chair and table. These rooms are shared with other spaces. However, each lactation room has an internal slide latch. The user, once inside, can securely latch the door to stop interruptions. Please change the sign on the door before you enter to read "OCCUPIED".

San Francisco

There are 2 lactation rooms on the San Francisco campus.

There is a lactation room in 80 Carolina - it is in Room 118 and the code is 2/4 pressed together and then 3. There is also a space in 1111 - it is room 101A between 101 and 102A, code is 5-1-3.
